

Light Duty IBC

Product Information Sheet

Standard Specification

Dimensions

Width/Depth/ (mm)	1000/1200/
Filling inlet diameter (mm)	150
Outlet diameter (mm)	50 (Buttress thread)
Tare weight (kg)	See product range
Capacity (L)	See product range

Composition

Liner	HDPE ¹ / 1.4s.g ²
Protective Cage	Mild Steel (powder coated)
Pallet Base	See product range
Inlet / Seal	HDPE/ EPDM ³
Outlet / Seal	HDPE/ EPDM

Options

220mm Inlet
 75mm Outlet Valve
 Black or White liner colours
 Viton Seal
 Pallet Material
 Liner suitable for 1.9s.g materials
 Anti-static version

1 – High Density Polyethylene
 2 – Specific Gravity
 3 – Ethylene Propylene Diene Monomer (rubber compound)

Description

The Light Duty IBC is a blow moulded composite IBC designed for the transportation and storage of liquids. It is UN Group II approved

The liner is blow moulded from HDPE, providing resistance to chemical corrosion. The specialised mesh-sided cage provides superior protection in service and flexes more efficiently than tubular steel alternatives.

This unit also has the benefit of having the same external dimension to other leading brands, allowing direct replacement for other manufacturer's light duty IBCs.

The anti-static version called the EX, has a finer mesh cage to prevent static build up, a conductive board on the top of the unit and an earthing strip from the valve to the cage.

Before use, every Light Duty IBC should be inspected to ensure that it is free from corrosion or damage. Any Light Duty IBC which shows signs of reduced strength compared with the tested design type should no longer be used or should be repaired that it is able to withstand the design type tests.

Light Duty IBC with Plastic Pallet
Liner 1000L suitable for 1.4 s.g
materials

- IBC for the transportation and storage of liquids
- Low centre of gravity for greater stability
- Pallet material options
- Anti-static liner option
- UN Group II approved
- Stackable
- Triple security on the valve

Light Duty Product Range

Type	Volume litres	Dimensions Width/Length/Height mm	Weight Kg
LD Wooden	1000	1000 / 1200 / 1170	70
LD Plastic	1000	1000 / 1200/ 1170	75
LD Metal	1000	1000 / 1200 / 1170	70
