

IBC Outlets

Product Information Sheet

Liquid Outlets

Viton seal fitted

GRPP Ball Valve

available with EPDM or Viton seals with colour coded handle and integral camlock.

UPVC Single Union Ball Valve

shown fitted with a GRPP male camlock. Available in a variety of sizes.

SS Ball Valve

stainless steel 3 piece ball valve.

SS Butterfly Valve

stainless steel butterfly valve.

Dry Goods Outlets

Slide Valve

Sliding the valve plate controls the discharge of dry goods. Particularly suitable for pellets or granular material. Available in 8", 10" and 12" sizes.

Slide Valve fitted to DGC IBC

Mucon Valve

Rotation of the valve opens and closes the flexible membrane allowing controllable discharge of dry goods. The Mucon valve is particularly suitable for powders, the composition of the membrane can be changed to suit individual applications e.g. rubber or anti static treated nylon. Available in 8", 10" and 12" sizes.

8" Mucon Valve in operation

Note: The products shown represent a small sample of the outlets held in stock. More are available on request.
