Product Options Information Sheet

Francis Ward provides both product bottle colouring and or graphics application for contents or corporate identification for its general purpose IBCs.

Coloured bottle

The IBC bottle can be produced in a range of standard colours or to a matched colour of choice.

Colouring is translucent to retain sight of contents level.

Graphics

Moulded in or moulded on graphics in monochrome or colour are available.

Moulded in graphics are extremely resistant to surface scratching and abrasion.

Whilst every attempt has been made to ensure that the information provided in this product information sheet is accurate and reliable Francis Ward cannot accept responsibility for the interpretation of the information provided. It is the responsibility of the user to determine the chemical compatibility of the container with its intended contents.
